

Technical Data Sheet

Multifunctional oil 400ml, Artikel 711.400

Product description

MULTI is a multi-functional product for all kind of applications for electrical and mechanical equipment in industry and workshops. It forms a clear invisible film and is harmless to plastic, rubber and paint. MULTI displaces water, starts wet engines, eliminates short circuits, prevents corrosion and oxidation, dissolves rust and lubricate moving parts. Cleans and stops squeaks and ensures longlasting operational reliability.

Area of use

MULTI is the solution for problems in industry and workshops.

Electrical/Mechanical equipment: Ignition systems, lighting systems, electronic equipment, carburetors, screws, locks, seat rails, pedals, etc.

Workshop/Industry: Electrical or mechanical precision instruments, tools, metal parts, relays and switches, electronic equipment, etc.

Hobby, House, Garden, DIY sector: lawn movers, boat engines, bicycles, electric appliances, sliding doors, hingers, roller blades, etc.

Benefits

MULTI does not attack rubbers, plastics, textiles. Is non-polluting and contains no hazardous substances. Ensures long-lasting operational reliability of machines and flexible parts of all kind.

Protects metals from different external influences like corrosion, saline mist, aggressive steam. MULTI is regularly used in Workshop, Industry, House and Garden.

Storage / Shelf Life

Shelf life is 2 years if stored correctly.

Technical Data

Description:	Tin-plate can with sprayhead and cap
Colour:	Yellowish, slightly turbid
Smell:	Vanilla
Density:	0,80g/cm ³
Viscosity (Oil):	30-35mm ² /s (40°C)
Corrosion protection:	Up to 500h (salt-spray-test)
Lubricity:	Up to 790kg (Falex)
