

# Serie 70

Cajas para montajes electrónicos de atractivo diseño y altas prestaciones que permiten aunar los conceptos industrial, electrónico y ofimático.

Fabricadas en ABS de alta calidad resistente hasta temperaturas de 85°C. Cumplen un grado de protección IP 65 mediante el montaje de juntas EPDM.

Segura y fácil fijación, entre tapa y base mediante tornillos, no vistos, e insertos M3.

Doble área de rebaje, tapa y base, que permiten y facilitan la fijación de teclados de membrana.

Doble sistema de montaje a pared, mediante pre-mecanizados estándar en la base o fijación exterior mediante escuadras (ABS).

Guías interiores para la fijación vertical de circuitos y torretas en tapa y base para fijación horizontal.

Color estándar: similar a gris RAL 7035 o negro RAL 9004.

Accesorios: - Junta EPDM (IP 65).  
- Kit fijación a pared.

Opciones: - Blindaje EMI/RFI.  
- ABS UL 94 V0.  
(Otras consulte a su distribuidor).

*A new range of enclosures in high impact ABS to meet various solutions within the Industrial Electronic and Electrical industries.*

*This range in ABS resistant up to 85°C and with 'O' ring gasket, will comply to IP 65 protection in respect of dust and moisture.*

*The two halves of the boxes are fixed together using M3 screws into machined inserts. These screw fixings are hidden by plastic covers.*

*A keyboard area of different sizes is provided on both the top and base of the box further increasing its flexibility.*

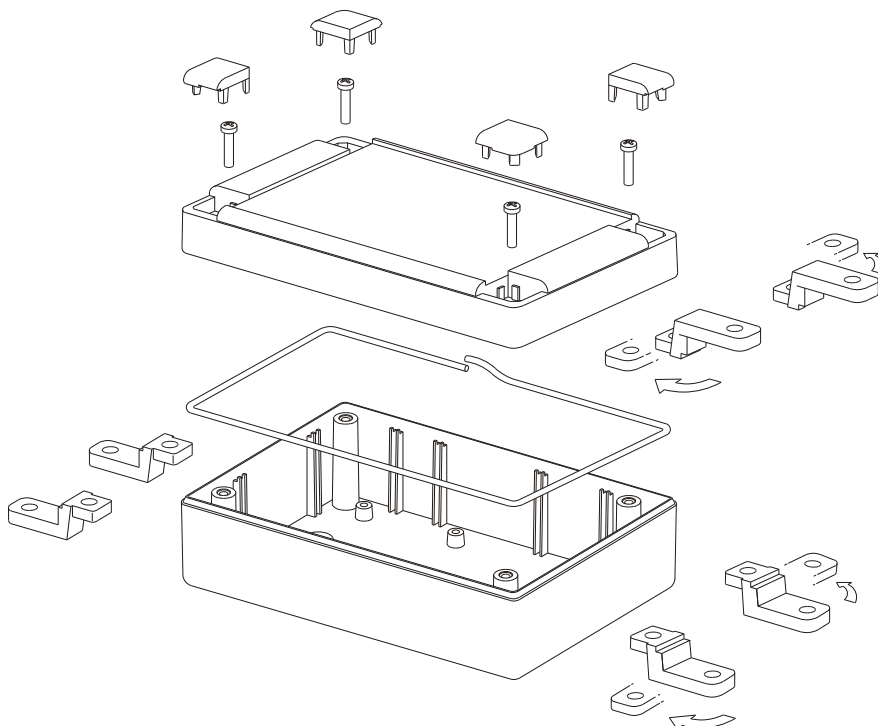

*Wall mounting facility is provided in two ways, either by separately designed feet or by precut holes in the base.*

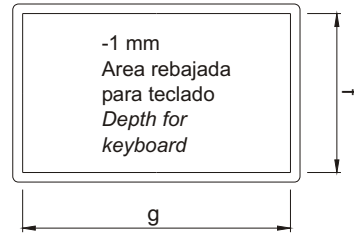

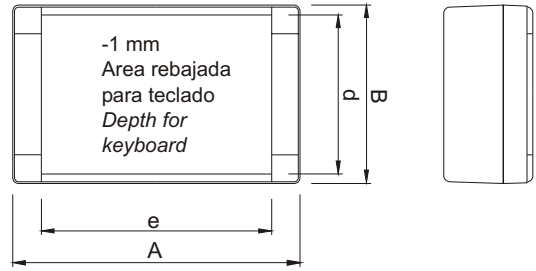

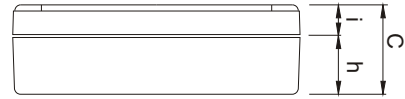

*Guides for PCB in vertical mode are incorporated in the base and lid together with 5 mm high bosses for horizontal fixing.*

*Standard colour similar to RAL 7035 grey or RAL 9004 black.*

*Accessories: 'O' ring gasket (IP 65).  
Wall mounting kit.*

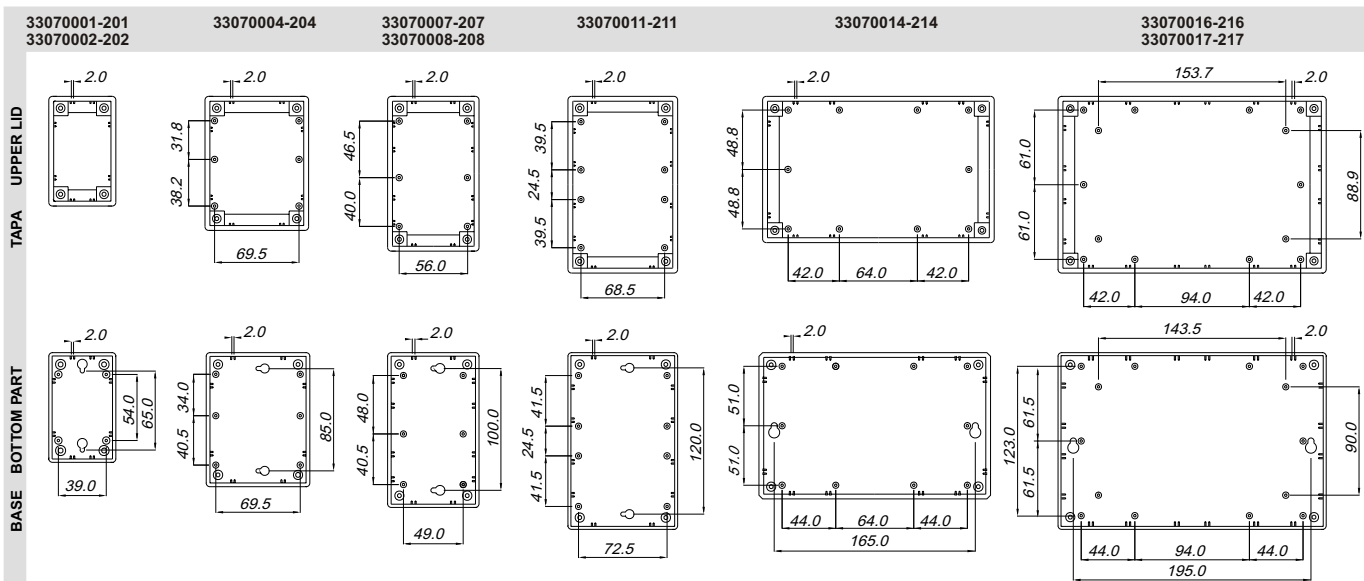

*Options: EMI/RFI shielding.  
UL 94 V0 materials.  
(Other please consult your dealer.)*
